MONTY MOTLOUNG IMMORTALISATION INITIATIVE

INTRODUCTION

It is with profound and greatest pleasure to invite you to be a Strategic and Guiding Partner in an enduring and significant Immortalisation and Legacy Restoration endeavour of the late Comrade MONTY MOTLOUNG.

PURPOSE AND BACKGROUND

A continuous declaration of the great deal of debt of gratitude by the Honourable President Jacob G. Zuma marked the birth of the MONTY MOTLOUNG IMMORTALISATION INITIATIVE, a significant and monumental step towards the restoration of his legacy and enormous role played to overcome Apartheid atrocities which is in its infancy compared other legacy restoration trends and perspectives in the field of restoration, development and sustainability in SA. The contents of this proposal seeks to galvanise efforts to bring back our past into life and remind the present and future generations that the present did not appear from nowhere, it is the outcome of the past and therefore incubator of the future.

The enthusiasm-filled response we got from the society in the past three years of Wreath Laying Ceremonies has proved to be worthwhile and it has shown a symbol of power and charisma the undying spirit of Monty Motlounge has on the lives of ordinary South Africans. The introduction of this initiative has been driven by high levels of crime, unemployment, lack of sporting facilities, below average educational attainment, severe health problems and limited access to essential services. Given the past imbalances of the previous government, which resulted in these negative social indicators, a growing segment of our youth is finding its self-ill equipped to meet the challenges of this increasingly and rapidly evolving world.

Due to the combination of cutting edge research on the political, geographic, demographic, lifestyle and behavioral changes of the society at large, it was of paramount importance for the branch to develop a long-term Programme [Please See Attached] and Strategy to partner with the **ANC Gauteng, Office of**
