RE : Seeking the permission for peaceful march by the youth

According to the statistics from stats S.A it shows that a huge percentage from our population is composed by the young people which leaves the state with an obligation of putting young people first for the benefit of their development and self sustenance.

Few programs have been implemented by different agencies and government departments but a lot still needs to be done hence young people are faced with many challenges. To name but few.

1. Unemployment
2. Teenage pregnancy
3. Issues of HIV/AIDS
4. Crime
5. Job creation programs
6. Sports development
7. Capacity building

It is therefore against this background that we seek a permission to embark in a peaceful March as young people of Alfred Nzo as stakeholders of a developmental state and as allowed by the law.

The objectives of the March is to call upon the leaders of Umzimvubu to take issues of the youth development as a priority in terms of service delivery.

A correspondence of this nature will upon approval be sent to the South African Police Services and the Traffic Department to seek their services during the that day.

Requested Date : 30 October 2015.

Time : 11 am – 14h00 p.m

Start point MADZIKANE Hospital to the Municipal premises

A petition will be served to the Hon. Mayor of Umzimvubu local Municipality on the said date to conclude the March.

For any clarities do not hesitate to contact the undersigned.

We hereby request to be permitted to use the Sofia Street from the Municipal Parking to the Department of Education on the 31ST of October 2016.

We are ETDP-SETA Admin Officers deployed to schools in 2014, in both Mount Frere and Mount Ayliff. Beginning of the year we signed the termination of our contract which was held in Jolobe S.P.S on the 31ST October 2016, we all agreed to embark on a peaceful march to Department of Education at Sophia to hand over our grievances which are;

1. We expected to hear the department's position regarding this state of affairs. As things stands right now we are not sure of our future as no one has addressed us. We therefore call the department to address us on this crucial issue and clarify our position.
2. During the 2nd term the department advertised posts for admin clerks which seemed to exclude interns since they were publicly advertised, our hope was that the department was exposing the trained interns to work. Therefore we would like to know who is going to perform admin work in our schools.
3. For 3 years the department never addressed us regarding our employment future as trained admin officers. We again call upon the head of HRM Department to address us.
4. We have been trained for SA-SAMS and Nutrition for 3 years which we believe nobody can better the skills we offered in our schools unless the department absorb the interns.

We are expecting the department to give us full response on these matters within 7 working days. Failure to do so will leave us with no choice but withhold 4th Term schedules.

Arrival time at Municipal Parking 8:00am

Departure time to Department of Education 9:30am
