

EDUCATORS REFLECTION ON ORAL INTERVIEWS

On a positive view point :

- Teaches learners communication skills.
- Teaches learners listening skills.
- Teaches them to “LIVE” the subject.
- Teaches them research skills.
- Teaches to compile their own historical knowledge.

On a negative view point :

- Logistical Problems eg. No excess to library
 Little or no information available in the
 community library
 No excess to internet
- Costs involved – learners had to travel a lot
 - becomes the responsibility of the teacher on the day
 - (what if the educator had ±45 learners.
